*Part of the cleaning Crew taking a break*

Our first work day at our new home was held on July 27<sup>th</sup>. Within several hard working souls present, we managed to spruce up the place a bit by getting the windows, light fixtures, ceiling beams, and kitchen area cleaned. By the time of this reading, much of our items in storage will have been moved and ready to be set up over the coming week. If you have time to share, day or evening, please let Gere know.

Gere will also be distributing a “wish list” of supplies and other items necessary in our new location which members may wish to donate. Watch for details!

**Our Mission - Inviting all to gather and grow in service to Christ**

We once again welcome our supply pastor the **Rev. Boyd Cook** of Campobello, SC.
